

# INVITATION

to Members of IOCS

**Get your land in Vanuatu now!**

# Members of IOCS can NOW apply for their land in Vanuatu at no further charge.

## *It has taken a long time...*

*The task of obtaining legal title to the land in Vanuatu which you were promised was originally entrusted to Pacific Cooperative Society Ltd of Israel which was intended to be the first IOCS member club. Unfortunately the management of that Society failed to use the \$5.7 million they were given for that purpose and never acquired title.*

Mr. Stefan Mandel, the author of the philosophy of the sharing community (which was unfortunately misused by the management in Israel) has remained determined throughout that you should enjoy those rights and has, through the medium of IOCS and commitment of his personal resources, now achieved that aim.

IOCS International now has legal leasehold title to the land and is **ready to distribute it to you** as originally promised.

## *...but at last, it's here!*

In addition to land, you were promised that you would have a pro rata share in all of the investments made by IOCS through ownership of shares in its subsidiary, EDC (International) Ltd. (EDCI). EDCI has now started the non-exploitative development in Vanuatu you were originally promised. After a

prospectus has been issued, you will be given, free of charge, an average of 1,920 shares in EDCI, which, at the price the promoters of the company are paying for their founder shares (US\$21.50/share), would cost \$41,280. If the IPO shares are listed at the projected price of \$25 per share, these shares will have a value of \$48,000.

### WHAT YOU WERE PROMISED

- 3 lots of land of 1,000 sq. m. each + one additional 1,000 sq. m. lot for each new member introduced by you.
- The right to a pro rata equity interest in EDC (International) Ltd. + 1/3 more for each new member introduced by you (which can only be delivered after issue of a prospectus).
- To belong to a global organization which will create a consumer network with outstanding purchasing power.

IOCS is now in a position to offer all this and more on the basis that you have already paid and need not pay more.
